To whom it may concern:

I met Bill Delisle from Tampa Bay Kitchen Remodeling a year ago camping and canoeing. He is a unique individual who is a friend and honest individual. He is a very good carpenter and craftsman with home repair and wood working. He did the Cyprus wood board paneling in my home which was a quality effort.

I will be going to California for a week of work and he will be doing more home improvements for me when I am gone. I would recommend Bill to anyone with his quality of work. It is a real pleasure to know Bill.

Regards,

Walter Fire
