---

"The rollers for my sliding glass doors were corroded and needed to be replaced. A friend referred me to Delisle Contracting & Remodeling Inc. Mr. Delisle quoted me a fair price for the work and he stuck to it. He was always on time and cleaned up after himself when he was finished. I felt comfortable leaving him in my home when I wasn't there. I was so pleased with the quality of his work that I referred him to my friends. I would definitely use Mr. Delisle's services again.

Thanks Delisle Contracting & Remodeling Inc. for making my home a great place to live!"
