

Project: Installing Hardwood Floors  
Project: Installing crown molding and lighting throughout the condo

---

Tuesday, December 21, 2009

"I contacted Delisle Contracting & Remodeling Inc. to replace the carpet in my condo with hardwood floors.

Mr. Delisle helped me pick out the flooring that would make my rooms look bright, airy, and bigger, not make my rooms look dark and small. At the same time, we needed to be able to accent my furniture. Mr. Delisle's expertise was remarkable.

Mr. Delisle removed all the carpeting and installed cork as a sound barrier before he installed the hardwood floors. Mr. Delisle kept to the quote and time frame. The floors made the rooms look bigger and took on a whole new look.

After the floors, I had Mr. Delisle install crown molding and lighting throughout the condo. I have since used his services for other projects around my home, and I am completely satisfied with his work. At all times, Mr. Delisle was professional.

He went the extra length to make sure I was satisfied. He was punctual, priced reasonable, courteous, easy to work with (giving suggestions and listening to my demands). I have referred him to several of my friends who are also pleased with his work. He is by far the most responsible and trustworthy contractor I have ever used!"
